

Caroline Anne Dussault

June 11, 1956 - November 9, 2022

Caroline Anne Dussault "Carrie" passed away suddenly on November 9, 2022. Carrie was born in Buffalo New York on June 11, 1956, and lived most of her life in the Kaisertown section of Buffalo. She obtained her master's degree from the University at Buffalo and her Ph.D in Chemistry from Brown University. She worked as a consultant in various pharmaceutical companies She is survived by her father Lawrence Gorski and predeceased by her mother Abigail [nee Lewandowski]. Carrie is also survived by her ex-husband and friend, the father of her children Pierre J. Dussault. Mother of Gregory [Felicia], Elizabeth [James] Keegan and Kathleen [Rodney] Pittman. Grandmother of Oscar, Bridgette, and Henry Dussault and Jamison Keegan. Sister of Michael [Sharon] Gorski, Elizabeth [Thomas] Moorehouse, Jacqueline [Daniel] Witkowski. Carrie is survived by nieces, nephews, cousins, friends and her two adored canine kids Georgia and Harry.

At Carrie's request there will be no prior visitation or services scheduled. Her family will gather privately to honor and celebrate her extraordinary life. Family and friends are cordially invited to leave a message of condolence, share a favorite memory and light a candle here on her tribute page. Expressions of sympathy may be directed to Cody's Gift [a not-for-profit organization that solicits for and fundraises for much needed supplies for area shelters and rescue groups] P.O.Box 702 Buffalo NY 14215. Or the Buffalo Animal Shelter 380 Oak Street Buffalo NY 14203. On the memo portion of your check please

write Caroline Dussault.

Carrie's family has entrusted final arrangements to the Kevin M. Mason

“ *Some of my favorite childhood memories in Kaisertown are growing up with Carrie. We were the best of friends, and I am blessed that although we are in different States now, we remained in touch. Carrie, you were so full of life then and now. From phone chats, messenger, FB, and emails I enjoyed learning of your success and life events. I love you and will never forget you my friend. God Speed. To all the family, my deepest sympathy and love to all.*

“ *I worked at Alliance with Dr. Dussalt. [Although she always preferred Carrie]. Carrie was the most down to earth person I knew and exceptionally gifted scientist. I am so sorry for your loss. She will be kept close in heart, mind and spirit. I will miss her smile, antics and laughter. May she rest in peace and my sympathies to her loving family.*

“ I write this with a broken heart and tears in my eyes. My sister and best friend is no longer by my side. I miss you and would never be prepared to say goodbye. There are no words anyone can say although meant well that can help. I ask why over and over again and still cannot wrap my head around this. I love you so much and will forever cherish you in my heart. I love you Carrie Bear and hope you are at peace. You made our family complete, and your absence has left a big hole in our fabric.

Love you
Jackie

“ Carrie was a bright and shining star for sure. I worked in many labs with her and became "coffee buddies". She was so intelligent and smart but always willing to share her knowledge. Her laughter was infectious and only she could turn a bad or long and stressful day into fun. Especially with her quirky hats and dancing. This is so sad and a tremendous loss. Prayers and thoughts to her family whom I know she loved dearly. Rest in Peace you will not be forgotten.

“ To the best Aunt in the world; Aunt Carrie! From trips, dinners, dinners at your house, telephone calls, emails and texts you were ALWAYS gracious, fun, sincere and how you loved your family. I will always love you, never forget you and your spirit and soul will live forever in my heart. You taught me so much and was ALWAYS there for me - no matter what! You were a second mom, and I am so grateful that you have been in my life. Love you more.....so much more. Rest in Peace and maybe someday we will have the answers why!

“ Carrie was always the light at the end of the tunnel, the rainbow that brought a smile to everyone's face. Her laughter, her spirit and sense of humor were delightful. She was beyond smart but always humble. She will be missed by her pharmaceutical team. She was a brilliant scientist and shared her knowledge with all. We were shocked and very saddened to learn of her sudden passing. Our bright light that was and will always be Carrie shines dimly now. Rest In Peace. Our love and sympathy to her family.
