“ One of my most memorable photos with Renee 💕. This was taken at my sister's house and she wanted a picture of "Bobby's Angels", so we all posed with Dad. My earliest memories of Renee, were with her sister Michelle Kudla growing up and meeting over at "Ma's"(grandma) house on Shanley where they donned their fur muffs and hats. Renee was always a fashionista since a child and her beauty resembled her mother Linda and her sister Michelle. Her wedding to Sean was the beginning of cousins reuniting to share their love. Renee loved being a wife and mother and we often shared many talks of raising sons and how we only wanted the best for our boys. I am proud of her accomplishments-returning to school and securing a wonderful job at ECMC.

Well Renee, you truly are 1 of Bobby's angels now and I'm sure all of our family have met you at the gates welcoming you home. Please watch over all of us and we will take care of your guys. You are so loved and missed. I am blessed we got to share many beautiful memories together. They say your cousins are your first friends and I'm so happy we shared some beautiful times. You left us broken hearted, but full of so many memories to carry in our hearts. I love and miss you Beautiful. -cousin Susan

“ Renee I'm gonna miss you. I always loved seeing you even though it wasn't that often. You always made me laugh. I always had so much fun when I was around you. Sometimes I don't understand why people are taken so young. I'm thinking of Sean and the boys. This is gonna be so hard for them. You were a great Mom ❤️

“ Hockey is a big family. Renee we may not have spoken alot, but we did cross paths at the rinks. Our sons played against each other a couple times and you were friends with a lot of friends that we made in the Southtowns Stars hockey family. May you fly high, pain free and look down over your husband and 2 hockey sons. My prayers and condolences go out to your husband, sons, and family during this extremely trying time. May they find comfort that you are no longer in pain and smile thinking of all the memories. F@ck cancer.

“ Another beautiful friend has crossed over ... and grief embraces the loved ones left behind.

Her pain is now gone ... and her loving spirit shall live within the hearts that will forever hold her close.

It feels unjustifiable that she had to leave us so soon ... as the tears fall from the ache it leaves within us.

I hope she knows the love she graced to those closest to her will find solace in the moments she spent with them ... reflecting all the times they shared.

When our own time comes to cross over ... I hope we get to see each other again. Till then my friend Thank you for all the great memories we have shared with you.

Her soul and spirit are soaring high as she watches over all of you. Even at such a young age, Renee left so much to all of you. “ You could always catch Renee at the rink rooting on her boys. She was beautiful inside and out. Unless you were a not nice parent on the opposing team. She would let you know not to mess with her sons. Occasionally, the refs knew how bad they were too. On the rare occasion the refs got really bad, you could catch her at the bar having a drink to calm her nerves. Renee we will miss you so much around the rink and in our hockey family. We will take care of Linda, Sean, Nick and Noah. Please continue to watch over them and all of us.
