“ *It just seemed like yesterday you and I went to the casino, Val. It was in 2012 that you and I spent the evening together and enjoying the next day in one another's company. I have very fond memories from when I was very young at picnics, the beach you took me to, and even spending nights at your house. You shared yourself with me with generosity and dinners and much more. I can't put it into words. It was just being around you. I wish I would have been informed to pay my last respects to you. Or found out somehow on my own. It's unfortunate for me. I also want to inform the rest of the family and friends that whether I was there or not, I will never forget the times we spent together.*

There are no words that can express the values that we had in the time you were here with us.

*Your younger Brother,
Walter & Family*

“ Thank you for sharing your family with me and welcoming me as your 3rd daughter. Always in my heart, picking mushrooms, going to the fair, sun tanning in the back yard, hot wings, just sitting around the dining room table, and just visiting on my way home from work. Thanks for the memories and always being a big part in forming my life. You will be missed and remembered always. Helen

May each of you find peace, comfort and solace in knowing you beloved mother is no longer in any pain and without any limitations.

Try to imagine the union she is having with your dad in Heaven.....dancing together for the first time in many years. Our deepest sympathy to each of you.
